

**Faculty Positions in  
Department of Environmental Engineering  
National Cheng Kung University,  
Tainan, Taiwan**

The Department of Environmental Engineering, National Cheng Kung University, invites applications of candidates for three tenure-track faculty positions at the assistant, associate, or full professor level, depending on the qualifications, with the expected appointment beginning on February 1st, 2026. Both young and established engineers/scientists with an Ph.D. degree in environmental or related disciplines are encouraged to apply. Applicants with research experience in areas such as "*Environmental Planning and Management*," "*Air Pollutant Control and Air Quality Management*," "*Climate Change and Sustainable Environment*," "*Resource Recycling and Reuse*," and "*Environmental Informatics*," and the ability to offer related courses, are especially preferred. Please note that applicants who have not yet officially obtained their Ph.D. certificate should not apply. The successful candidate will supervise master's and doctoral students in research within their field of expertise, offer at least one course taught entirely in English each academic year, and be able to teach at least two core courses of the department as well as fundamental undergraduate courses.

The accepted applicants will have the opportunity to apply for the "*National Cheng Kung University Implementation Directions Regarding the Merit Pay and Research Reward Program for Faculty Members and Research Fellows*". Additionally, they will be eligible for the "*Class of 69 Alumni and Friends of Class 1980 ESG Young Scholars Award*," which will be conferred by the Department of Environmental Engineering with a maximum amount of NT\$30,000 per month for 3 years.

To apply, please submit your application materials either by email to the department address listed below no later than April 10th, 2025 (GMT+8). Applicants submitting via email should compile their materials into a single PDF file (except for letters of recommendation). The application package must contain a Ph.D. certificate (scanned originals), a cover letter, up to three reprints of publications from the past five years (one of which should be designated as the representative publication; this representative publication must have been officially published after August 1, 2020), a statement of teaching interests and the tentative titles of courses to be offered, a statement of the applicant's research vision and contact information of three recommenders and their letters of recommendation. (The letters of recommendation should be provided after passing the first stage of the initial selection.). The Ph.D. diploma and transcripts must be authenticated by the Taiwan Embassy if the candidate holds a Ph.D. degree conferred by an institute outside Taiwan.

Submissions should be addressed to: Dr. Jer-Horng Wu, Chair and Professor, Department of Environmental Engineering, National Cheng Kung University, 1 University Road, Tainan 70101, Taiwan. When submitting via email, please use the subject line "(Applicant's Name) Application for NCKU Department of Environmental Engineering." For any inquiries, contact us at the following:
